To the Honorable Gale Norton,

On behalf of the Police Chiefs' Association of Prince George's County, this letter is being written out of concern for the welfare of our community and a fellow Police Chief. The members of the Police Chiefs' Association offer our support for the efforts of Chief Teresa C. Chambers to continue to serve law enforcement and the citizens of the United States. We do not want to interfere with the responsibilities of those empowered to oversee her position, but we feel it is in the best interest of all parties to allow a distinguish law enforcement professional, such as Chief Chambers, to continue her commitment to serve our community and public. Please consider this letter of support in any determination which shall be made on her behalf.

Respectfully Submitted,

Chief Larry M. Brownlee, Sr., President
